Cottonwood Elementary School Clubs 2018/2019 School Year

Dear Parents,

Extracurricular activities are an important component of all Vail schools. Students benefit in many ways. Students who participate in after school clubs become well connected to their school and usually do better academically.

All of the funding for these extracurricular or after school activities comes from tax credit money. As such, we are asking that you please pay the fees found on the attached fee schedule by visiting vailtaxcredits.org.

Thank you for supporting our schools as we work to provide extracurricular opportunities for your children. Please contact me if you have any questions about the fees.

Sincerely,

Sarah Bates
